Subject: Council Meeting Testimony - Support Bill 16

The lack of walkways in Haleiwa is shameful!

Cars regularly navigate around pedestrians, wheelchairs and baby strollers who have no choice but to walk in the road because of the muddy potholes along the sides of Kamehameha Hwy. While Haleiwa was once a sleepy little town out in the country, it is now the second most visited place on the island. The time is long overdue for a continuous walkway that allows people to safely move about Haleiwa without having to jump in and out of their cars to visit more than one shop.

The City Council must help move forward on the planning for Haleiwa walkways.

Thank you.
